### ***Interment Fee Schedule for Messianic Burial Society***

There is a cost to funerals, one cannot expect the shul to bury everyone for free, and of course there will be exceptions. The Burial services is open to members and non-members of the Messianic Burial Society. There is a distinction in the price structure.

To start off we don't ask a registration fee to become a member, in future it will be in effect. Non-members will be charged a different price for the services so get registered ASAP. Initially we will try to get 50 members to get the group discounted policy, please let us know if you will join us.
